535 WEST 116<sup>TH</sup> STREET  
NEW YORK, NY 10027

Dear Mr, Abdo:

This is a final response to your Freedom of Information Act (FOIA) request of 9 May 2017 for

1. "All correspondence between the government and any of the individuals listed...relating to the prepublication review or publication of material intended to be or actually published in their personal capacities;
2. All inter- and intra-agency correspondence relating to the prepublication review or publication of material by any of the individuals listed below that was intended to be or actually was published by any of those individuals in their personal capacities;
3. All records reflecting decisions-interim, final, and after appeal-related to the prepublication review of material published by any of the individuals listed below in their personal capacities.

A copy of your request is enclosed. Your request has been processed under the FOIA and a final determination has been made for the remaining prepublication cases. In this instance, six documents (19 pages) are being provided and 37 documents (358 pages) have been denied in full.

Some of the withheld information has been found to be currently and properly classified in accordance with Executive Order 13526. The information meets the criteria for classification as set forth in Subparagraph (c) of Section 1.4 and remains classified TOP SECRET or SECRET as provided in Section 1.2 of Executive Order 13526. The information is classified because its disclosure could reasonably be expected to cause exceptionally grave damage to the national security. Because the information is currently and properly classified, it is exempt from disclosure pursuant to the first exemption of the FOIA (5 U.S.C. Section 552(b)(1)).

In addition, this Agency is authorized by various statutes to protect certain information concerning its activities. We have determined that such information exists in these documents. Accordingly, those portions are exempt from disclosure pursuant to the third exemption of the FOIA, which provides for the withholding of information specifically protected from disclosure by statute. The specific statutes applicable in this case Title 50 U.S. Code 3024(i); and Section 6, Public Law 86-36 (50 U.S. Code 3605).

In addition, some of the information has been deleted from the enclosures pursuant to the fifth exemption of the FOIA (b)(5)). This exemption applies to inter-agency or intra-agency memoranda or letters that would not be available by law to a party other than an agency in litigation with the agency, protecting information that is normally privileged in the civil discovery context, such as information that is part of a predecisional deliberative process, attorney-client privileged information or attorney-client work product.

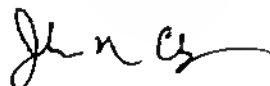

In addition, information regarding other individuals has been deleted from the enclosures in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information which would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption.

The Office of the Director of National Intelligence has asked that we protect information pursuant to (b)(3) statute 50 U.S.C. Section 3024(m).

The Central Intelligence Agency has asked that we protect information pursuant to 5 U.S.C. 552 (b)(1), (b)(3) statutes:

Section 6 of the Central Intelligence Act of 1949, 50 U.S.C. Section 3507,  
Section 102A(i)(1) of the National Security Act of 1947, 50 U.S.C.  
3024(i)(1)  
as well as b(5) and b(6).

Sincerely,

JOHN R. CHAPMAN  
Chief, FOIA/PA Office

Approved for Release by NSA on 07-05-2019, FOIA Case # 101619 (Litigation)

(U//~~FOUO~~) As part of NSA's review of the first few draft chapters of Gen. Hayden's planned book, I spoke with Gen. Hayden this morning by phone, along with NSA attorney [redacted]. We requested several deletions or text changes in chapters 2, 4, 5, and 6 to address SIGINT classification concerns, and Gen. Hayden agreed to all of them.

(U//~~FOUO~~) He explained that the current draft is really a set of chapter synopses that, once it receives clearance through the pre-pub process, will be shopped around to potential publishers; the full-length version of the book, once written, will go through the pre-pub process again and we may need to have some more in-depth discussions surrounding the portions we discussed this morning at that time.

Sir,

(U//~~FOUO~~) Our Pre-Pub Review staff has completed a preliminary review of the draft identifying information that is classified. We continue to work with key stakeholders (SID, TD, OGC, Security) with the goal of providing a comprehensive response to CIA by the end of the week.

(U//~~FOUO~~) While we have had to juggle resources to meet a few unanticipated actions with short suspenses, we are not as far along as we had hoped at this point. We anticipate meeting the 16 May deadline for response back to CIA.

(U//~~FOUO~~) We will provide a summary of our findings as soon as that information becomes available.

(U//~~FOUO~~) We have received from CIA and for classification review the initial draft of several chapters for a book General Hayden is writing on his tenure at NSA, ODNI, and NSA.

(U//~~FOUO~~) I would characterize this draft as considerably more than an outline but also less than what would expect to see in a final version. A prospective author produces these for their agent to use in negotiations with a publisher on a contract and advance. General Hayden indicated to CIA, which as his last employer is responsible for leading USG prior review of materials he proposes for publication, that he has not yet provided the draft to an agent.

(U//~~FOUO~~) As with many other prepublication reviews, this one will be coordinated with OGC, SID, and other stakeholders (TD and Security being two others whose equities are involved, judging by a cursory reading).

(b)(5)

(U//~~FOUO~~) Our response is due at CIA on 16 May. Per standard procedure, it will be handled at the working levels and only rise to your attention if there is an unexpected complication and matters escalate. I do not anticipate that outcome.
